Simple Send-offs is a low-cost funeral director based on the Wirral and covers the surrounding areas. If you have lost a member of your family or a friend you might think that you have to use a high street funeral director and may not be aware there is an alternative. As with any funeral provider, Simple Send-offs look after the whole funeral process whilst trimming away the excess costs and overheads to provide a service that is more affordable to families at a difficult time.
